- Girls' Hop, Step and Jump
- Boys' Relay, 4-runners, 100 yards each
- Boys' Relay, 4 runners, around the track, 220 yards each
- Girls' Basketball Throw
- Boys' Half-mile Race
- Girls' Softball and Hardball.
- Boys' Softball and Hardball.

Elimination games will start at 10 a.m. sharp. All teams must be on hand if they wish to enter. No team arriving at dinner time or later will be able to enter.

Come early please, so that all events can be started.

Don't forget the dance in the Oddfellows Hall, in Milo, after the big sports program.

Jack Bushell, Sec-Treas.

Midget Baseball

The Arrowwood Midgets journeyed to Vulcan last Saturday afternoon. They came out the long and grueling side in seven games, going with the Midgets of that town.

The game was interesting to watch with many flashes of good fielding and good hitting. The boys took the lead early in the game and Vulcan never threatened to know the score. The boys are elated with their success and are looking forward to the return game here sometime in the near future.

The team: Tommy and Lawrence Anderson, Lloyd Irwin, Eugene Burris, Raymond and Max Moss, Jessie Royer, Dale Williams, Vaughan Allan, Keith Cochran, Morlyn Burris and Albert Riddell.

Baseball Club's

Annual Sports Day

Friday, June 1st

The Arrowwood Baseball Club is making plans for their Annual Sports Day, to be held this year, Friday, June 1st. Four strong baseball teams will supply the baseball and the usual other features will be held. A big dance with Eddie McLean's Orchestra in attendance, will climax the day's activity.

ARROWWOOD THEATRE

Thursday, May 17th "Alice in Wonderland"

You will like this picture. Practically all the scenes in the books are reproduced in this film

Third Episode of the Serial "Phantom of the Air"

The Usual Comedy

8:30 p.m. Adults and High School Students 25c, Children 15c

Buffalo Hill News

Mr. Wm. Hill, Sr., arrived last week from the States and is renewing old acquaintances in the district. He reports conditions in the States to be about the same as here. Mr. Hill encountered some rain near the boundary.

Frank Meredith was able to leave the Vulcan Hospital last week, where he had been confined owing to the breaking of three ribs in an accident recently.

Seedling in this district is nearly completed. Some of the early snow fields of oats and barley are quite green and growing rapidly. The farmers have poisoned the gophers, and are preparing to feed the grasshoppers. They have also treated the wheat—in fact, they have treated everything but them themselves and are wondering if they will get back the cost of production, if they miss the occasional hail storm. Who says the farmer is not an optimist!

Alice in Wonderland

After living for generations in story book land, all the strange, unusual people that roams the pages of Lewis Carroll's beloved fantasy, "Alice in Wonderland," has come to life on the screen. They can be seen at the Arrowwood Theatre on Thursday, May 17th, when Paramount's picturization of the famous story will be shown.

Sweet, remarkably intelligent, "Alice," the Cheshire Cat, the Garden Frog, the White Knight, Humpty Dumpty, King of Hearts, the Mock Turtle, the Mad Hatter, Tweedledum and Tweedledee, the March Hare and all the other funny people are in the film. All played by such Hollywood stars as Richard Arlen, George Arliss, Garry Cooper, Leon Errol, Lorraine Day, Zenda, W. C. Fields, Sheets, Langhorne, Lucy Grant, Raymond Hatton, Baby LeRoy, Mae Marsh, Polly Moran, Edward Everett Horton, Roscoe Karns, Jack Oakie, Edna May Oliver, May Robinson, Charlie Ruggles, Alison Skipworth, Ned Sparks and Ford Sterling. Charlotte Henry plays the title role.

The picture was directed by Norman McLeod and the screen play was written by Joseph L. Mankiewicz and William Cameron Menzies.

Naturally, the story of the picture is almost identical with Carroll's immortal yarn. Practically all of the scenes are reproduced faithfully in the film.

Piano Recital

BY
Mrs. P. H. Coleman's Pupils of
MILO, LOMOND and ARROWWOOD
IN THE

ARROWWOOD SCHOOL

Saturday, May 19th, 1934
at 8:00 p.m.

PART ONE

O-Canada

Early in the Morn	Ethelyn Beagle
Little Waltz—Schubert	Marvyn Bishop
Caprice—Paganini	Norma Houle
March	Lorna Richards
Waltz	Kathleen Thompson
The Robin's Lullaby—Kramann	Betty Rhea Jones
Waltz	Ivy Richies
Dance of the Brownies—Kamman	Mary Weins
Glimming—Roat	Dorothy Hesketh
At Evening—Sartori	Shirley Taylor
Dorothy Polka	Margaret Williams
Folk Song—Gormaw	Doris House
Hard Girl's Dream—Lubitsky	Hazel Taylor
Hearts and Flowers	Jane Cliford
Valetta—Kramann	Kathleen Thomas
Intermezzo Caprice—Duval	Fern Pierce
Friendship Waltz—Kennedy	John Wattes
Melody of Love—Engelmann	Wendell Williamson
Evening Breezes	Phyllis Cochran
March	Glady Leourard

PART TWO

Vocal—	
In the Garden of Tomorrow	Deeping
Flower Fairies and Marionettes	Lynn
School March—Streabogg	Francis Williams
Sonatina—Clementi	Jean Mills

Chopin, Valse, Op. #4, No. 2	Elliot Brinkler
Soldiers March and Sonatina—Kuhla	Eily Pierce
Longing for Home	Alma Vanland
Elfin Dance—Jensen; Dance of the Spooks	Anthony
Two Part Invention—Bach	Ethel Hanna
Curious Story—Heller; Valse—Grieg	Betty Thornton
Prelude in C Sharp Minor—Rachmaninoff	Rosie Hanna
Backman	Eileen Brinkler
	God Save the King

East Milo News

The last meeting of the East Milo Jrs. was held in Rocky Butte school with 23 members present.

The local decided to send two delegates to the Jr. Conference in Edmonton. Winnie Wainwright and Curtis Burk will represent our local.

The local decided to support the Chautauqua to be arranged by Mrs. Haynes sometime in the fall.

After the business part of the meeting Irene Williams conducted several contests.

The cups to be awarded by the Marquis Athletic Club can be seen in the window of the Co-op store in Milo.

The Johnny Canucks Jrs. and the Milo U.F.W.A. will have charge of the booths at the Sports Meet on May 28.

The Milo U.F.A. is sending Jack Bushell as their delegate to the Jr. Conference, and the U.F.W.A. will send Clifford Hellewang. There will be 8 or 10 of the East Milo Jrs. at the Conference this year.

The Marquis Athletic Club will hold its annual Sports Meet at Lake McGregor on May 26th. Elimination games will start at 10 a.m. There will be a dance in the evening in the Oddfellows Hall in Milo. admission, 25c.

Milo Notes

United Ladies Aid met at the home of Mrs. V. Bertrand the first Thursday in the month.

Mr. and Mrs. H. Nelson spent the weekend end in Lethbridge.

Mr. C. Sutton accompanied by his wife and Mr. Sutton, Sr. motored to Vauxhall on Saturday where they will visit for a few days.

Milo Sewing and Swimming Club met at the home of Mrs. Miles Thornton on Friday afternoon.

The United Ladies' Aid has been divided into Groups. Group I carried on a bake sale two weeks ago, Group 2 served a delicious lunch at the home of Mrs. A. J. McLean on Saturday 12th.

Milo Baseball Club sponsored a dance held in Oidfellow's Hall on Friday, May 4th.

The grain is growing nicely in this district. Everyone is waiting patiently for the spring rain to help things along.

Mrs. P. H. Coleman's pupils of Milo, Lomond and Arrowwood will give a joint recital in Arrowwood Consolidated school on Saturday evening, May 10, at 8 p.m. No charge.

Arrowwood Notes

The U.F.W.A. met yesterday at the home of Mrs. McRae of Shouldice.

Miss Willa Leith spent Friday and Saturday with the Misses Rubbleke.

Mrs. Paul Jones, of Gleichen spent a few days this week at the home of Mrs. G. Jones.

C. L. Archambault returned on Tuesday from Castor, where he had taken a tractor for Messrs. Beagle and Mason.

The exterior of Mrs. Rainville's house is receiving a coat of paint. Jim Mackie is wielding the brush.

Mr. and Mrs. Roop, old timers in this district, and who have been the guests of Mr. and Mrs. M. H. Ward are at present visiting friends in Gleichen.

Mr. and Mrs. Wm. Dickinson and Mr. and Mrs. Graham of Farrow, were visitors at the home of Mr. and Mrs. W. H. Ellis, Wednesday afternoon.

Miss Avis Horning left on Sunday for her home at Cowley, where Mr. Horning has been attending an hotel which he expects to open shortly.

Keep in mind the Annual Arrowwood Sports on June 1st, and the big dance in the school that evening. McLean's Orchestra will supply the music.

This week a complete set of wire chairs were placed in Board's Ice Cream Parlor, which greatly added to the appearance of this already attractive Ice Cream Parlor.

The Sr. baseball team journeyed to Carseland Friday night last and met defeat 4-1 at the hands of the Carseland team. A Strathmore battery strengthened the Carseland team considerably.

The Ladies' Aid of the Brethren Church has been granted the concession for serving light luncheons at the school June 1st. The concession for the cream and soft drink both have been set at \$5.00 each or \$7.50 if there is only one such booth.

See program on front page of a recital to be held in the Arrowwood School this Saturday evening, at 8 o'clock, by the pupils of Mrs. P. H. Coleman. Pupils from Lomond, Milo and Arrowwood will perform at this recital. No charge for admission.

Next Sunday evening Rev. V. M. Gilbert will preach in the Church of the Brethren, Arrowwood, and his subject will be "We." Rev. Mr. Wiesand will preach in Cluny in the afternoon and at Gleichen in the evening. They will occupy their own pulpits in the morning.

WHEN IN TOWN STOP AT

Mrs. E. E. Jacques Entertains at Bridge in Aid of Com. Club

On Friday evening of last week, Mrs. E. E. Jacques, assisted by Mrs. Bell and Mrs. Weins entertained a large number of people at the former's home. The event was in aid of the Community Club and the net sum of \$8.50 was realized.

The first bridge hand to bridge, Ladies first was won by Mrs. D. R. M. Shouldice and went to Mr. R. Moir while Mrs. G. Cary and Mr. Allen Phillips carried away consolation.

A delicious lunch was served by the hostess, after which the evening was spent in Community singing. Several solos were sweetly rendered by Mrs. Phillips much to the enjoyment of all.

The party broke up at an early hour, one being satisfied with their evening of pleasure.

Guide Night a Success

The Guide Night, held in the Arrowwood School last Saturday night, May 12th, was well attended. The program was opened with a 15-minute demonstration of work, followed by an exhibition of Tenderfoot work by the Guides.

The First Aid Class, in charge of Miss Lila Cliford, gave a one-hour demonstration of First Aid Work.

Certificates and medals were presented, also prizes. First Aid kit donated by Mr. E. E. Jacques was won by Loretta Weins for first prize. Second prize, a first aid kit donated by Mrs. Weins was won by Dorothy Hesketh.

Lila Cliford was presented with a First Aid Manual from the First Aid Class.

"Thanks" badges were presented to Dr. E. J. Liesen and Mr. D. R. M. Shouldice.

Warrants were presented to Captain Mrs. J. M. Weins and Lieutenant, Irene Hesketh.

Junior Baseball

The Strathmore High School boys' baseball team will be playing the A.H.S. at Arrowwood next Tuesday. These two teams will play a snappy brand of ball and a real game is assured. The Strathmore girls' softball team will play the local girls.

On Friday the Arrowwood High School team will go to Blackie to play ball with the team there and on Saturday they expect to go to Carseland.

SOFT BALL

The local girls' motored to Strathmore yesterday to play soft ball. The game was interesting and the numerous home runs furnished many thrilling moments. The local girls won by the score 36-22.

Fine Quality Gives Satisfaction

"SALADA" TEA

"Fresh from the Gardens"

Simpler Problems Baffle Man

While world opinion is disturbed and distorted by threats of war and general strife, there is a quiet but budgetary deficit in the pocket of every modest mind at home. It is a simple fact to turn to concepts of the physical universe which, from time to time, demonstrate man's ability to master infinitely greater problems than those which threaten his peace, security and prosperity. The statement may be trite and commonplace, but it is nonetheless true, that man's ingenuity in solving the riddles of the universe is in marked contrast with his apparent stupidity and futility in seeking simple solutions directed within his own purview and which, as a matter of fact, are his own creation.

The thought is suggested by recent addition to scientific knowledge of the atmosphere which is now known to consist of four layers—the troposphere, the stratosphere, the ozonosphere and the ionosphere. This troposphere, the layer closest to earth's surface, is the stratum of changing temperature, pressure and wind velocity which we live in. It was only a few years ago that this layer terminated relatively abruptly at a height of between six and seven miles. Beyond the height, temperature was found to be relatively constant up to about 23 miles. This layer of calm, cloudless air of uniform temperature is the stratosphere of comparatively constant pressure by balloon measurements.

As this is written, a probe of the sun's corona obscures the sun, and, as a result, there is a marked fall in temperature. It is palpably cooler. It happens that calculations concerning dust shot into the stratosphere by volcanoes prove similar cooling effects. If one seven-hundredth of a cubic mile of dust were blown into the stratosphere it could form a screen which would reduce the sun's rays by 20 percent. The sun would remain suspended in the sky for a year and it has been suggested that the ice age may have been caused by such volcanic dust-screens.

Recent research has shown that, above 23 miles and extending up to 38 miles, is another layer rich in ozone and, for that reason, called the ozonosphere. The significance of this layer so far as human history is concerned, lies in the fact that, because it is absorptive of ultra-violet rays from the sun, it can easily be adapted to human purposes. This is the secret. It can easily be made to withstand the heat of the sun.

The ionosphere, unlike the stratosphere, is not cold but hot. Above it and beginning at 50 miles, lies another layer, the ionosphere, so-called because the gases of the air in that region are in an electrically excited or ionized state. The radio waves are yielded to the ionosphere through which it has been possible, long before the time of the radio, to explain some of the earth's magnetic phenomena. The ionized particles have the property of reflecting radio waves back to earth and it has been revealed there were two main layers in the ionosphere, at 64 and 112 miles respectively, which reflect these waves. Each of these is split into two, the lower making a total of four layers. These four layers probably mark the height at which particular constituents of the atmosphere are completely electricified or ionized.

Recent research has further demonstrated that the electrification in the layers is more intense in summer than in winter, the condition being mainly due to ultra-violet rays from the sun. Thunderstorms also play their part, it having been calculated that the electrical energy continually released in thunderstorms is more than sufficient to produce all the heat which is generated in the ionosphere.

That scientific minds applied to investigation of the seemingly inaccessible have produced so much positive achievement is in striking contrast with the meager fruits of the efforts of politicians, statesmen, economists and "businessmen" in the field of economic and social welfare. Democracy suggests the thought that, while it may be monetarily unprofitable to work independently to work by universal agreement upon the problems which seem destined to perpetuate embattled borders between peoples of kindred cultures and similar aspirations, their solution quickly would be forthcoming. The rest would be up to us.

FINE QUALITY TEA ALWAYS ECONOMICAL

Factions of the finest tea such as "Salada" have been forced to increase prices. As soon as merchants' stocks present low prices are depleted they are forced to raise them slightly more. This has been brought about by advances at the gardens which have been severely restricted in order to save the gardens from further disastrous loss. But the commanding beverage is still the cheap drink in the world next to water.

Charting Coast of Labrador

British Naval Surveying Ship Challenger Engaged in Work

The British naval surveying ship Challenger, has sailed from Portsmouth to resume her task of charting the coast of Labrador. This work has never been completed. Last year the admiralty started the Challenger upon the work because it has become necessary to provide safe channels for navigation along this dangerous coast owing to the development of Labrador. The survey will take years to complete.

A new type of plane with folding wings may be stored in a small space.

Weary Days—Sleepless Nights

Wreck the Nervous System

Men and women take eight right after night on sleepless beds. Their eyes do not close in the refreshing repose that comes to those whose nerves are right. They are irritable and nervous, weak and worn out, and even the dark days are gloomy.

California's peak sales of fishing licenses totalled 250,000.

Deep Sea Exploration

Diver Will Spend Six Months Studying Fish In Ocean's Depths

Even though he plans to drop 3,000 feet down into the depths of the ocean in a diving glove, William Beebe doesn't expect any sea serpents.

"I saw one once," he said, "a grin wrinkling his seaworthy face. "I took a look around with it. At first glance, it was a frenzied sea serpent writhing away into the horizon. It turned out to be the Atlantic cable."

Mr. Beebe was making late preparations for his long stay in the George, Bermuda, where he will spend six months studying deep sea fish and the strange weird lives they lead.

CAST OFF UGLY FAT

Woman Loses 28 lbs. In 3 Months

"Three months ago," a woman writes, "I was compelled to try Kruschen Salts to reduce my weight, which was 222 lbs. I had tried other diets but no one had been able to know that Kruschen Salts are different. In three weeks I lost 5 lbs., and in six weeks 15 lbs. I now weigh 187 lbs. I must say I feel a different person. I have now lost 28 lbs. to date."

"If you are overweight take one half-teaspoonful of Kruschen Salts in a glass of water every morning. There will be no rapid alarming loss of weight, but you will feel better and your skin, which is an auxiliary as it is unattractive. Kruschen is a scientific product and has been used in the waters of those European spas that have been used by generations of over-weight people to reduce weight.

Got Post War Job

Showed One-Armed Man Who Did Great Things For England

Edward Riddell, one-armed Sir Edward, Lord Riddell, got a post-war job with the admiralty. He was told in a speech by Lord Riddell, "Sir Edward, Lord Riddell, you have been a great believer in this method. On one occasion when he was making tests of his sounding machine on a battleship in a bitterly cold day, he was asked why he did not wear an ulster. 'I have a coat,' he said.

The colder the weather, the more thin underwear he put on, and the air between them insulated his body. "I have a coat," he said. "I have a coat."

That concluded Lord Riddell, was too much, "ever for the admiralty," and one of his nephews replied: "If you are another Nelson we will take you on."

When the farmer is prosperous, all the world is prosperous. That, however, is a fact which too few people and too few governments have learned to appreciate.

Under the new Rights-of-Way Act in England tens of thousands of footpaths have been given almost the status of highways.

P.T.A. Met at
the Teacherage

The P.T.A. met at the Teacherage Monday evening May 14 at 8 p.m.

After lengthy discussions on various matters of importance, it was decided that the annual School Picnic to be held at the river should be held some time before the closing of school, but the date would be announced later.

The report of hot lunches was presented by the chairman, Mrs. Hall. The report showed a great deal of work and a vote of thanks was extended to Mrs. Hall for the manner in which she outlined and systematized the menu. This proves the re-

By-Law No. 22

A By-Law of the Village of Arrowwood, for the purpose of creating and proclaiming a weekly civic half-holiday within the Village.

The Municipal Council of the Village of Arrowwood, duly assembled, enacts as follows:

(a) In this By-Law, unless the context otherwise requires:

Shops shall mean—Grocery Stores, Butcher Shops, Clothing Stores, Drygoods Stores, Jewelers, Tailor Shops, Hardware Stores, Harness Shops, Lumber Yards, Elevators, Drug Stores, Barber Shops and Post-office. (The terms and conditions of any closing by-law in regard to post-office shall be subject to the approval of the Post-master General of the Dominion of Canada).

(b) Refreshment or victualling house shall mean:

Any shop or restaurant concerned in the selling of meals, drinks, ice-cream or tobacco.

1. That all shops throughout the area of the Village of Arrowwood, in the Province of Alberta, shall be closed for the serving of customers and no goods shall be sold therefrom except as hereinbefore provided at and after the hour of one o'clock in the afternoon of every Wednesday, during the period of the whole year, in each and every year, beginning from the 16th day of May, 1934, (except for short periods in spring time and harvest time, such times as set by this Council).

Provided, however, that in the event of a legal holiday falling on any day within said prescribed time that said legal holiday shall be construed to be the weekly civic half holiday and the civic weekly half holiday dispensed with for that particular week.

2. The provisions of this By-Law shall not apply to that part of any business carried on as a refreshment house. Provided that in the event of any refreshment house being conducted for any purpose other than that of mere refreshment house as defined herein such part of said refreshment house as is not within the definition of refreshment house, shall be deemed to be closed and no goods dispensed or sold during the hours designated in this By-Law.

3. Any person guilty of an infraction of this By-Law, or any part thereof shall be liable on summary conviction, before a Justice of the Peace, to a fine of not more than Fifty Dollars (\$50.00).

4. This By-Law shall come into force and have effect from and after the Sixteenth Day of May, A.D. 1934.

Done and passed in Council the 9th Day of May, 1934.

WAGIN' TUNG

Vol. No. 39 Arrowwood, May 17, 1934 Items for That

Harrassing

High winds, drought and grasshoppers are beginning to take their toll from the fertile wheat districts of an enormous scope of country. In these trying times the farmers are nearly at their wits end in trying to produce a livelihood. No sooner does the grain begin to appear above the ground and the hoppers are there to extract their toll. It behoves each one as far as possible to use the poison but that is supplied by the Government.

If you are in need of some additional power for your summerfallowing, come in and see what we have in second-hand tractors. We believe we can offer you something worthwhile.

Our new refined tractor distillate is giving satisfaction. Why not try a drum of it and compare it with the fuel you are using.

The users of Autolene Oil may pay a few cents more per gallon than they would for some other oil, but we are confident that the difference is more than made up in repair costs. We carry it in all weights from SAE 10 to 60.

We also have a cheaper oil than the Autolene, so if you are looking for a cheaper oil, we can supply you.

Tramp: "Mister, give me a quarter for a meal. I'm hungrier than a bear."

Rich Dyspeptic: "I'll give you \$5,000 for your appetite, my man."
